

# NEW! HEINE® iC 1

## 21<sup>st</sup> Century Digital Dermatoscopy

# NEW! HEINE® iC1 – 21<sup>st</sup> Century Digital Dermatoscopy

The HEINE iC1 is a new image capturing device to record clinical and dermatoscopic images for documenting, monitoring and supporting differential diagnosis of melanoma and other skin lesions. Innovative HEINE LED<sup>HQ</sup> illumination combined with precision optics provide high resolution and reflex-free images with an Apple® iPhone® from version 5 upwards or iPod touch 6th generation\*. The integrated Toggle Function allows you to easily alternate between polarised and non-polarised views.
